### **Atlanten videregående skole, Kristiansund NORWAY**

1. **What is your general impression of the meeting in Krakow (professional and social)?**

very good 15                  good 2                  poor                  very poor

2. **In general, do you think the professional benefit was:**

very good 15                  good 2                  poor                  very poor

3. **Do you think that you have learnt something that will effect your work in a positive sense?**

yes 16                  may be 1                  no

4. **What for you was the most beneficial part of your participation in the meeting ?**

- *The cooperation with Polish/Norwegian students/ teachers*
- *To visit the school and participate in classes. Also meeting teachers and observe how the students cooperate especially in the music project.*
- *Living with and getting to know a polish friend.*
- *Meeting the people and living like they do, with different cultures and traditions. Also learning and seeing how they live and do things.*
- *Learning about differences between the Polish school and Norwegian school.*
- *The cooperation in music and theatre with students and teachers.*
- *The social part was for me very important . To learn about culture and other ways to do things is beneficial for me as well as to notice that we are very similar. I also like to see my students in new settings and the way they handle the challenges they were exposed to, and also how easy they came in contact with the Polish students.*

- *What I liked the most was to see how the students from Poland and the students from Norway got on so well with each other and that the Norwegian students learnt so much from living with their Polish host families.*
- *The opportunity to work with Polish teachers and students to make a joint performance with music/dance/ theatre.*
- *It was very interesting to explore the mythologies , both Norwegian and Polish.*

**5. Are you going to continue to explore any of the themes discussed during the meeting?**

- *Yes, we will develop the project till we'll meet again in September 2015*
- *After the meeting I will take care more about my water consumption.*
- *We will of course continue and complete the exercises we have started . I will also include some of the subject in this project in my future chemistry lessons.*
- *I will certainly take part in similar projects if I get the opportunity.*
- *Yes, absolutely I will use methods and thoughts in my work as a teacher.*
